## SÈ SAN DIEGO

Organic meets orgasmic at San Diego's iconic Sè San Diego hotel. Setting up shop downtown in the historic Gaslamp District, the sleek monolith is known for pushing the envelope when it comes to luxury. Infused with earthy tones and textured finishes that echo legendary Asian resorts, the hotel is the perfect "staycation" for the urban traveler.

Check into the luxurious three-story Grand Penthouse Suite and get a little spoiled. At 8,400 square feet, it's the largest penthouse on the West Coast. A private sundeck, flanked with 360-degree views spanning from Mexico to Coronado, is outfitted with a Jacuzzi soaking tub and a barbecue grill.

For those looking to catch some rays, Sè's rooftop pool is surrounded by private cabanas and has underwater sound — perfect

for those who prefer a life aquatic. Next, take a jaunt down to Sè SPA for some luxurious pampering. Moroccan chaise lounges, flowing drapery and original artwork make for a harmonious atmosphere that brings patrons to a new level of relaxation. For a spa treatment that will trounce all others, try the Moroccan Rasul — an Arabic cleansing ritual that's the only one of its kind in the U.S.

To top off the perfect day, the Suite & Tender Bar, Lounge & Restaurant offers up a unique gastronomic experience. At this traditional steak house with a twist, James Beard Award-winning Executive Chef Christopher Lee indulges dinner guests with mouth-watering meals that not only redefine the classic surf and turf but are sure to leave patrons completely Sé-tified.
